## **GENERAL CONDITIONS OF DELIVERY**

For every order that we shall accept, we agree to plant sufficient land to produce the desired quantity of seed under normal conditions. Should the outcome of the crop be lower than our estimation, orders will be filled pro rata only. Crop failure or any other cause beyond our control releases us entirely from delivery.

We urge our customers to use AIR MAIL when sending rush orders, and if so desired the seeds can be sent to you by AIR PARCEL POST which rate is very reasonable.

"The DENHOLM SEED COMPANY warrants to the extent of the purchase price that seeds or bulbs sold are as described on the container within recognized tolerances. Seller gives no other or further Warranty, expressed or implied"

### **NOTE OUR TERMS**

Prices in this list are now in effect on both spot and 1957 crop orders, and now cancels all previous prices.

All seeds are quoted F. O. B. our Warehouse, Los Angeles, California. 60 days acceptance net, less 1% cash, thirty days to firms of established credit. New crop seed shipped as soon as possible after harvest of crop 1957.

New customers must furnish satisfactory credit references if shipment is desired on an open account basis.

### **MINIMUM CHARGE PER ITEM . . . 50 CENTS**

All invoices payable in U. S. Dollars, in or by New York or Los Angeles Exchange. All overdue accounts subject to sight draft without further notice. Bags and containers will be charged at cost and are not returnable.

All orders of 4 ounces or over will be charged at the pound rate, all orders under 4 ounces will be charged at the ounce rate.

Shipping instructions should accompany each order, stating clearly whether seeds are to be sent Rail Freight, Truck Freight, Express or Mail, giving preferred routes. In all cases where the route is left to our judgment, we will select the best we know, but entirely at the risk of the buyer. Should fulfillment of any order or contract be prevented or delayed by the act of God, war, blockade, revolution, prohibition of exports or imports, riots, strikes, lockouts, fire loss and/or detention at sea or any other contingency beyond our control, we shall not be responsible for any loss and/or damage thereby.

We reserve the right to change prices in this list at any time.

THE DENHOLM SEED CO.

The measurements given on plant descriptions and the number of seeds per oz. are approximate and may vary with the season.

# VERBENA *Dwarf Compact*

## *Delight* (Denholm) (New)

**DELIGHT** is a lovely, clear shade of Coral Pink suffused Salmon, a distinct and new color to Verbenas. The plant habit is dwarf, compact and spreading. Height 5 to 6 ins., spread 18 ins. similar to and belonging to the same popular class as Sparkle and Crystal. This new class of Verbena has completely eliminated the open or bare spots that develop in the center of the plants of the regular strains before the blooming season is very far along.

**DELIGHT** is a prolific bloomer with grandiflora sized flowers produced in great numbers. We have counted up to fifty clusters in full flower at one time. They are so tightly arranged that the effect is a solid mass of bloom throughout the whole season. Delight is really the ultimate in Verbenas for the home gardener, being suited for beds or borders or where a mass cover planting is required, also perfect for lots. Delight is a real novelty with a bright future. Be sure to offer it.

Price . . . \$3.50 per oz.

\$35.00 per lb.

*Denholm Seed Company*

**WINNER FOR 1958**

## **MARIGOLD Dwarf French Double**

**PETITE ORANGE**

**PETITE GOLD**

This new class of Extra Dwarf Double French Marigolds has just been awarded the All-America Bronze Medal winner for 1958 because it fills a much wanted need for an extra dwarf, uniformly even, very early and extremely floriferous Marigold for borders and mass effects.

The **MARIGOLD PETITE STRAIN** is distinctly different from any other class of Marigold and has been especially bred to remain dwarf under conditions where most Marigolds tend to grow rangy and wild with late flowering tendencies. Many Marigolds introduced in recent years have been too late in flowering to be of much use in localities with short summers. The Petite strain will produce an abundance of very early blooms and have a very long flowering period.

Nurserymen will find this Petite strain particularly desirable as it gives a full bloom in flats so that the customer can see the color before buying. The plant habit is very compact, growing six inches tall and ten inches wide with flowers borne in great profusion. We have many times counted over fifty blooms per plant in full flower at one time; in fact the flowers cover the plant so that no foliage is visible. The ideal edging plant.

MARIGOLD  
PETITE ORANGE

MARIGOLD  
PETITE GOLD

Price . . . \$2.00 per oz.

\$20.00 per lb.

*"Flower Seeds of Proven Quality"*

**WINNER FOR 1958**

## **MARIGOLD Dwarf French Double PETITE HARMONY**

MARIGOLD  
PETITE HARMONY

**MARIGOLD PETITE HARMONY** is extremely uniform in habit, very early flowering and floriferous. Has an average height of 5-6 ins. with a spread of about 10 ins. Plants are mound shaped making the neatest edging or low bedding plantings. The flower is a beautiful contrasting bicolor. Guard petals are a rich, deep mahogany with a solid gold crested center. They are all double and literally cover the neat plants with sheets of bloom.

Price . . . \$2.00 per oz.      \$20.00 per lb.

Color packet available from Schmidt Lithograph Co.

## **MARIGOLD Dwarf French Double**

### **Petite Yellow**

**MARIGOLD PETITE YELLOW** was not included in the All-America trials as it was not ready at that time; however, it is of the same type as the winners and will complete the color range. Seed will be available this fall in limited quantities only. The color is a clear, strong yellow without any markings. One of the most beautiful Marigolds we have seen. Plant habit is very compact with flowers borne early in great profusion.

Price . . . \$2.00 per oz.      \$20.00 per lb.

MARIGOLD  
PETITE YELLOW

# *Antirrhinum F<sub>2</sub> Hybrid*

## **KING'S COURT (Denholm) (New)**

Antirrhinums are becoming increasingly popular both with the market grower and the home gardener, mainly because the plant breeders have been very busy applying their skill and magic to produce earlier, taller, more floriferous varieties with clear, strong colors and gigantic flowers. These new, improved varieties are all F<sub>1</sub> Hybrids, the result of hand made crosses combining two inbred pure lines which gives the desired qualities of color, time of flowering, habit and size of flower. As there are literally hundreds of these F<sub>1</sub> Hybrid Antirrhinums available today, we have conducted very extensive trials to determine which sorts are best suited genetically to be used to produce a brilliant, even flowering F<sub>2</sub> Hybrid Mixture for the home garden. We have selected about a dozen of the best varieties which carry the desired characteristics through to the F<sub>2</sub> generation. These we grow separately and combine the resultant crops together in a well tried formula, which we proudly present as **KING'S COURT**.

Price . . . \$2.00 per oz.      \$20.00 per lb.

# Candytuft Dwarf Compact Fairy Mixed

**FAIRY MIXED** is something really new and different in Candytuft. The little, domelike plants are neat, dwarf and very compact, growing about 8 ins. in height. It is one of the Umbrellata type. Colors: Pink, Rose, Carmine, Crimson, Lavender, Flesh Pink and White.

**FAIRY MIXED** is by the most critical yardstick of value a grand subject for bedding, borders or an annual hedge. The trim, compact plants are so completely uniform that a bedding arrangement has the appearance of a carpet of rich, lively colors. It is especially striking as a border subject. Grows just half the height of the regular strain.

Color lithograph bags are available from the Stecher-Traung Lithograph Co.

Price . . . \$ .75 per oz.      \$7.50 per lb.

# PETUNIA F<sub>2</sub> HYBRID

## GRANDIFLORA MIXED 'Symphony'

**SYMPHONY** contains a color range heretofore unknown in Petunias. The gamut of colors range from white through light pink, pink, rose, salmon, cerise, crimson, carmine, light blue, dark blue to scarlet. Many of the self colors have golden throats, which adds greatly to their charm. There is in this strain a generous percentage of bicolors in blue and white, rose and white, copper and white, and crimson and white shades.

Because of the hybrid nature of this mixture, we have carried out very extensive trials to ascertain and study the color and type segregation which takes place when an F<sub>2</sub> population is produced. From these studies we have now produced individual crops of the best F<sub>1</sub> Hybrid Petunias and have skillfully blended them into the most brilliant and fascinating color combination you have ever seen — hence "SYMPHONY."

Color Lithograph bags available. You should feature this item.

Price . . . \$2.50 per 1/16 oz.   \$7.50 per 1/4 oz.   \$25.00 per oz.

# PETUNIA

# F<sub>2</sub> HYBRID

## Petunia Nana Compact Mixed COLORAMA

For many years YOU and your customers have been asking us to provide a mixture of Petunia Nana Compact with a uniform plant habit. Your dissatisfaction with the best of the blends of the regular Nana Compact type of Petunia has been the marked, uneven plant habit. **F<sub>2</sub> HYBRID NANA COMPACT COLORAMA** has completely eliminated this problem. We are using for planting stock only those F<sub>1</sub> varieties that have proven to be uniform in height and plant spread in the F<sub>2</sub> generation. Also, we have used only those Hybrid varieties that reproduce uniformly large blooms 2½ to 3 ins. across.

Color Lithograph bags available. You should feature this item.

Price . . . \$5.00 per oz.                    \$50.00 per lb.

# MARIGOLD

## Dwarf French Single

### DAINTY MARIETTA (Denholm) (New)

Yes, dainty and colorful as a small canary bird. When fully developed, the height will not exceed 6 ins. "Like peas in a pod" tells the story of the uniformity of the compact plant habit.

As we have said in the description of recent Marigold introductions, if a new selection of Marigold growing in our workshop is not extra early or not a free bloomer and will not bloom over a long season, it is discarded regardless of any other worthwhile qualities it might have.

The blooms of **DAINTY MARIETTA** are much larger than you would expect to find on such a dwarf, compact plant. They are about 2 ins. across and made up of from 5 to 6 overlapping petals of soft golden yellow with a maroon blotch at the base of each petal, somewhat on the order of the well known Naughty Marietta.

Price . . . \$ .75 per oz.      \$7.50 per lb.

Please Write Us for Prices on Larger Quantities

# VERBENA *Dwarf Compact*

## SPARKLE MIXED (Denholm) (New)

The most appropriate name for this new mixture would be "Sparkle Hybrids Mixed" but one of our States objects to the name of "Hybrids" unless it refers to  $F_1$  or  $F_2$  hybrids.

In this fine class of dwarf, compact Verbena, we first introduced Sparkle and a year later Crystal. These two varieties were so well received throughout the trade we are now more than proud to announce the introduction of **SPARKLE MIXED**, a mixture of a full range of colors in the Sparkle class.

**SPARKLE MIXED** will have all of the colors known to Verbena, to include the warm, scarlet red of Sparkle through rose and pink to the softer tones of salmon, lavender and crystal (white), as well as mid-blue and purple. A high percentage of the blooms will be of the eyed sorts in many bright color combinations.

**SPARKLE MIXED** plants will grow about 10 ins. tall and all will have the well known, fine, dwarf, compact, free flowering habit of Sparkle and Crystal.

Price . . . \$2.00 per oz.                            \$20.00 per lb.

CANDYTUFT GIANT HYACINTH  
FLORIST STRAIN

## CANDYTUFT

### CANDYTUFT (*Iberis*) ANNUAL CORONARIA 10,000 Seeds per oz. ICEBERG (New) (Florist Strain)

This new florist strain of the Giant Hyacinth Flowered type supersedes by a wide margin any other strain of which we have knowledge.

The almost completely uniform plants will produce from 5 to 6 huge, well formed spikes per plant. The florets are about twice the size of the regular strains. Pure white.

\$1.00 per oz.

\$10.00 per lb.

#### GIANT HYACINTH FLOWERED

Giant Hyacinth Flowered Select, (florist strain). An excellent cut flower strain, second only to new Iceberg.....	.55	5.50
Ruffled White, frilled and ruffled petals. An interesting cut flower strain. Very large flowered.....	1.00	8.00
Giant Hyacinth Flowered, regular strain, white, 15 ins.....	.60	4.50

# Denholm Seed Company

## CANDYTUFT (continued)

### **CANDYTUFT (Iberis) ANNUAL UMBELLATA** 10,000 Seeds per oz. 15 ins.

The many clusters of small blooms form an umbrella-like arrangement of blooms on a dwarf bushy type of plant.

	per oz.	per lb.
<b>Carmine</b>	\$.45	\$ 4.50
<b>Crimson, purplish red</b>	.45	4.50
<b>Flesh Pink</b>	.45	4.50

# Delphinium Pacific Giants

## *Grown from Originator's Stock*

The Pacific Giant Strain offers the ultimate in fine Delphiniums. It has huge semi-double florets, well arranged on long flower spikes. The thin whippy stems grow from four to six feet tall. This strain is comparatively mildew resistant. It is by far the best strain of Delphinium available. (Perennial) 10,000 Seeds per oz.

	per oz.	per lb.
<b>ASTOLAT SERIES</b> New shades in pale blush, lilac pink, deep raspberry rose.	\$12.00	
<b>BLUE BIRD SERIES</b> Clear medium blue with white bee, an enchanting color combination. Florets are fully round and 2½ ins. in diameter.	8.00	\$80.00

#### Golden Crown (Denholm) (New)

An extra early strain. The color is a rich golden yellow. The bountiful supply of huge, ball-like blooms of crinkly, incurved petals are 3½ to 4½ ins. across. The uniform plants grow about 20 ins. high.

Price \$1.25 per oz. . . . \$10.00 per lb.

# *Denholm Seed Company*

## **ALL-AMERICA AWARD WINNERS FOR 1958**

### **MARIGOLD DWARF FRENCH DOUBLE**

	per oz.	per lb.
PETITE GOLD .....	\$ 2.00	\$20.00
PETITE HARMONY .....	2.00	20.00
PETITE ORANGE .....	2.00	20.00
PETITE MIXED .....	2.00	20.00

This new class of Extra Dwarf Double French Marigold has just been awarded the All-America Bronze Medal winner for 1958 because it fills a much wanted need for an extra dwarf, uniformly even, very early and extremely floriferous Marigold for borders and mass effects.

The Marigold Petite Strain is distinctly different from any other class of Marigold and has been especially bred to remain dwarf under conditions where most Marigolds tend to grow rangy and wild with late flowering tendencies. Many Marigolds introduced in recent years have been too late in flowering to be of much use in localities with short summers. The Petite strain will produce an abundance of very early blooms and have a very long flowering period.

Nursermen will find this Petite strain particularly desirable as it gives a full double bloom in flats so that the customer can see the color before buying. The plant habit is very compact, growing six inches tall and ten inches wide with flowers borne in great profusion. We have many times counted over fifty blooms per plant in full flower at one time; in fact, the flowers cover the plant so that no foliage is visible.

Color Lithograph Packet Available From Schmidt Lithograph.

	per oz.	per lb.
PETITE YELLOW .....	2.00	20.00

Although this variety was not entered in the All-America Trials it is of the same type and completes the color range.

### MARIGOLD DWARF FRENCH DOUBLE PARISIAN HYBRIDS (New)

A distinctly new and sensational strain with all of the colors and hues known to Marigolds in hundreds of new color combinations on a rich green background.

This strain is early, free flowering and fully double. The blooms are tightly packed and much larger than the regular strains, averaging better than 2 ins. across. More colors than we have ever seen in a Marigold.

\$ .65 per oz.

\$ 5.00 per lb.

## "Flower Seeds of Proven Quality"

MARIGOLD TAGETES Golden Gem

## MARIGOLD (continued)

### DAINTY MARIETTA (Denholm) (New)

The blooms of **DAINTY MARIETTA** are much larger than you would expect to find on such a dwarf, compact plant. They are about 2 ins. across and made up of from 5 to 6 overlapping petals of soft golden yellow with a maroon blotch at the base of each petal, somewhat on the order of the well known Naughty Marietta.

Price \$ .75 per oz. . . . \$7.50 per lb.

## *Giants of California*

### PETUNIA DWARF GIANTS OF CALIFORNIA

180,000 Seeds per oz.

#### MASTER BLEND (DENHOLM)

The production of the very finest quality Petunia seed, particularly the large flowered strains, has long been one of our specialties. Each year we devote some of our best land, and a great deal of effort and know-how to our Petunia workshop and production. **MASTER BLEND** is the elite of our Petunia program.

The best and brightest colors are selected from our renowned strains, and seed from these special plants is then grown in separate blocks. Every bloom is hand pollinated, and seed from each plant is saved separately. From these special lots of seed is made a beautiful blend according to a well tried formula, assuring you of getting the same wonderful quality on every order.

From our Petunia workshop we are continually adding new colors to the **MASTER BLEND** formula. In this blend you will find Rose, Copper and Pinks that are not available in any other strain.

Per 1/16 oz. \$6.00

Per 1/4 oz. \$18.00

Per 1 oz. \$60.00

# STOCK

## NON BRANCHING — COLUMN

*Tailored to the  
Cut Flower Grower's  
Specifications*

The large majestic blooms of our greatly improved strains of Column Stocks have elevated this flower to a position of being the most popular cut flower of the present era.

The increased popularity of this strain of Stock is due, we feel, in no small way to the new and improved strains that have come from our extensive Stock workshop.

Two new colors this year, making a total of eleven new colors in the last five years. In addition, we have greatly improved most of the regular strains.

We commend to your attention our extensive list of Column Stock. We especially recommend Apple Blossom, Avalanche, Crimson Giant, Deep Apricot No. 24, Flesh, Gardenia Improved, Malmaison Pink Improved, White Giant and this year's new varieties of Rosalie and Sunset. Seed of all varieties is most carefully grown from trial ground selections.

# SWEET PEA EARLY MULTIFLORA

350 Seeds per oz.

THIS CLASS OF SWEET PEA IS EXTREMELY VIGOROUS AND UNDER OUR CONDITIONS WILL START BLOOMING ABOUT 75 DAYS AFTER PLANTING. THIS COMPARES IN BLOOMING TIME TO THE ESTABLISHED EARLY STRAIN.

GIVEN SATISFACTORY GROWING CONDITIONS THE HUSKY STEMS WILL AVERAGE 18 INS. LONG AND WILL CARRY FROM 5 TO 8 GIANT BLOOMS PER STEM THAT ARE FRILLED AND WAVED.

FOR GARDEN USE WE RECOMMEND THAT THIS STRAIN BE PLANTED INSTEAD OF THE REGULAR EARLY FLOWER STRAIN. THE EARLY MULTIFLORA WILL PRODUCE MORE VIGOROUS PLANTS, LONGER STEMS, MORE AND LARGER BLOOMS.

# SWEET PEA CUTHBERTSON

## FLORIBUNDA (New)

The **FLORIBUNDA SWEET PEAS** are a new and important development in the multi-bloom type of Sweet Pea. This medium early strain flowers at the same time as the popular Cuthbertson varieties but produces five or more large waved and fragrant flowers on long, strong stems, when properly grown.

The **FLORIBUNDA PEAS** also offer the superior qualities of heat resistant, and the tall vigorous vines that characterized the original Cuthbertson strain. Because each stem carries more flowers, color and substance, we feel sure that the **FLORIBUNDA** varieties will add to the value and usefulness of the already popular Sweet Pea.

	per lb.

### **VERBENA DWARF COMPACT IDEAL FLORIST STRAIN MIXED**

To our knowledge, the earliest strain of Verbena on the market. The plants are dwarf and compact. All blooms are of the eyed sort with hundreds of gay color combinations. This mixture is unsurpassed for color brilliance.

A wonderful garden variety and well adapted to pot and flat culture.

**\$2.50 per oz.      \$25.00 per lb.**

### **VERBENA DWARF UPRIGHT RAINBOW STRAIN**

A lively blend of colors not common in separate varieties, to include: Buff, Apricot, Blue, Lavender and Mauve. A large share of the blooms have a large eye of a beautiful contrasting color. Upright habit.

**\$2.50 per oz.      \$25.00 per lb.**

### **VERBENA DWARF COMPACT FAIRYLAND MIXED**

Globe shaped plants, averaging 8 to 10 inches tall with a spread of about 12 inches, quite free flowering with an excellent bright color range, half of the plants have a small white eye. Plants ideal for borders or bedding as they are compact and ball shaped.

**\$2.50 per oz.      \$25.00 per lb.**
